Manual of Procedures for Transparency Platform v3r3

Overview

The publications on the TP are done according to the MoP. The amended Manual of Procedures (MoP) v3r3 had been subjected to a Public Consultation from 7th July to 13th August 2021, and the ETUG workshop was conducted on 9th August to provide a chance for the stakeholders to raise their questions and provide feedback on the amendments done to the existing documents as well as new additions (Balancing IFs and SOGL related documents) to the MoP v3r3.

Manual of Procedures for Transparency Platform v3r3

Publication of the Balancing IFs Data on the TP

The development and Implementation of the data views are being developed according to the MoP.

Balancing IFs Data Publication on TP

Project Plan

Scope: Implementation of MARI and PICASSO data publications on TP.

Balancing IFs Data Publication on TP

Project Plan

Scope: Implementation of MARI and PICASSO data publications on TP.

- Pre-UAT workshop will be scheduled between 30/05 and 03/06. (1 to 2 hours)
- The workshop will be purely technical (e.g. data submission, testing of the schemas to be used) between the IT supplier (Unicorn) and the data providers.
- Each TSO representative (WG MIT or TPC members) and other data providers (e.g. MARI and PICASSO representatives) are welcome to join the workshop.
- Target release numbers (IOP & PROD) will be planned in Q2 2022.

New Graphical User Interface
